### COMING UP Computer basics course offered

The Town of Lockport, in collaboration with the Lockport Public Library, will host a special Niagara County Community College course, Introduction to Computer Basics, from noon to 4 p.m. June 4 at the Lockport Town Hall.

This four-hour class will introduce attendees to the fundamentals of using computer technology.

There is no fee to attend, but registration is required. Please call 433-5935 ext. 3 for more details and to register. Seats are limited.

### Poultry volunteers needed

Cornell Cooperative Extension of Niagara County, which offers a range of programs for 4-H'ers ages 5 to 19, is looking for adult volunteers to serve as the county project leader for poultry and the auction committee member for poultry.

The county project leaders will help develop, coordinate and evaluate the county poultry program.

The project leader will assist in training of volunteer leaders and events associated with poultry. At any time, a project

leader can organize other volunteers to teach specific projects or supervise annual events. Meeting commitment is about 10 monthly meetings with youth, plus quarterly animal science meetings.

The auction committee member for poultry would be responsible for the auction portion of the poultry program, from purchase through processing of the birds.

Specifically, the volunteer would coordinate the distribution of the chicks, serve as consultant to youth on raising chickens, and arrange for meat processing after the auction.

Meeting commitment would be two auction committee meetings, plus one county poultry meeting.

Call 433-8839 for more information or an application.
