

## Evaluation Framework

## Final OBE Plan (Outcomes Logic Model)

Organization Name:			
Project Name:			
Date Created		Date Reviewed	

Assumptions: Need

Assumptions: Solutions:

Desired Results:

## Purpose

Program Stakeholders *(Key entities that help define the program or to whom the program will report results)*

Organizational Mission *(Organization's mission statement or key action words)*

<b>Program Purpose Statement</b>	
We do what? <i>(Summary of key proposed services)</i>	
For whom? <i>Target population(s)</i>	
For what outcome(s)? <i>(Benefits/changes in skills, knowledge, attitude or life condition.)</i>	

## Inputs, Activities, and Outputs

<b>Inputs</b> <i>(List resources needed for the program)</i>	<b>Program Activities</b> <i>(List activities needed to provide or manage services)</i>	<b>Program Services</b> <i>(List services to be delivered directly to participants)</i>	<b>Outputs</b> <i>(Measurable items that come out of the program – numbers)</i>

## Outcomes Evaluation

Outcome 1: <i>(Changes in skill, knowledge, attitude, behavior, life condition or status)</i>				
Indicator(s) <i>(Concrete evidence, occurrence, or characteristic that will show that the desired change occurred)</i>	Data Source <i>(Where data will be found)</i>	Data Intervals <i>(Points at which information is collected)</i>	Target Applied To <i>(Segment of population to which this indicator is applied)</i>	Target Achievement Level (Goal) <i>(the number , percent, variation or other measure of change)</i>

Outcome 2: <i>(Changes in skill, knowledge, attitude, behavior, life condition or status)</i>				
Indicator(s) <i>(Concrete evidence, occurrence, or characteristic that will show that the desired change occurred)</i>	Data Source <i>(Where data will be found)</i>	Data Intervals <i>(Points at which information is collected)</i>	Target Applied To <i>(Segment of population to which this indicator is applied)</i>	Target Achievement Level (Goal) <i>(the number , percent, variation or other measure of change)</i>

**Outcome 3:** *(Changes in skill, knowledge, attitude, behavior, life condition or status)*

<b>Indicator(s)</b> <i>(Concrete evidence, occurrence, or characteristic that will show that the desired change occurred)</i>	<b>Data Source</b> <i>(Where data will be found)</i>	<b>Data Intervals</b> <i>(Points at which information is collected)</i>	<b>Target Applied To</b> <i>(Segment of population to which this indicator is applied)</i>	<b>Target Achievement Level (Goal)</b> <i>(the number , percent, variation or other measure of change)</i>

**Outcome 4:** *(Changes in skill, knowledge, attitude, behavior, life condition or status)*

<b>Indicator(s)</b> <i>(Concrete evidence, occurrence, or characteristic that will show that the desired change occurred)</i>	<b>Data Source</b> <i>(Where data will be found)</i>	<b>Data Intervals</b> <i>(Points at which information is collected)</i>	<b>Target Applied To</b> <i>(Segment of population to which this indicator is applied)</i>	<b>Target Achievement Level (Goal)</b> <i>(the number , percent, variation or other measure of change)</i>
